

SEES BRITISH PLOT IN IRISH REPRISALS

Acting President Griffith Makes Charges—Greenwood Warns Police Against Such Actions

CONSTABLES MURDERED

Dublin, Oct. 1.—Charges that the reprisals in Ireland were a calculated policy of the government, that the occasion for them was often afforded by the provocation of agents and that a plot exists for the assassination of the Irish republican leaders were made today by Arthur Griffith, founder of the Sinn Fein organization.

Mr. Griffith preferred these charges in a long statement to American, English and continental newspaper men.

Griffith declined today to discuss the plan brought forward by Viscount Grey for a settlement of the Irish question. Mr. Griffith took the ground that Lord Grey spoke only for himself and that no proposal could be entertained unless it came from an authorized source.

Warnings Against Reprisals, no matter what the provocation, was given the Royal Irish Constabulary yesterday by Sir Hamar Greenwood, the chief secretary for Ireland, in a speech on the occasion of a distribution of medals. He dwelt upon the provocation which had been given the police, with 103 of their number murdered and 170 wounded, but declared no reprisals could be countenanced by the authorities. He congratulated the men upon their general maintenance of discipline.

"Your duty and mine," he said, "is to arrest criminals and endeavor to prevent further crime. I appeal to all Irish people, men and women, what their creeds and policies, to unite in this endeavor.

"You are a disciplined force and I confidently count on you to maintain that discipline, no matter what the provocation. The accounts of reprisals in certain newspapers are of a misleading and frequently misrepresenting nature. Justifiable self-defense as reprisals, but there are cases in which unjustifiable action has undoubtedly been taken. These cases are being investigated.

Must Keep Self-Control
"In the meantime it is necessary to repeat with emphasis that reprisals will ruin discipline. They cannot be countenanced by those in authority. The great provocation which the men suffer in seeing their comrades and friends murdered is fully recognized, and by no one more than myself, but you are urged in spite of that provocation to

The Evening Telegraph states that a circular signed by General Tudor has been issued to the police from Dublin castle warning them against participating in reprisals and declaring that on proof of such acts having been committed disciplinary measures, to be followed by severe punishment, will be adopted.

London, Oct. 1.—(By A. P.)—The British cabinet met yesterday to discuss the situation in Ireland and to learn details from General Sir Frederick Nevill MacReady, commander of the military forces there. It was forecast that the cabinet would require a explanation from the commander of a recent interview which has been interposed by the newspapers here as containing reprisals by "Black and Tan" police.

Belfast, Oct. 1.—(By A. P.)—While searching a house in Lisnacroghna, County Cork, on Tuesday, a party of the military forces fired on by civilians. The soldiers returned the fire, killing one of their assailants.

A police patrol was ambushed yesterday near Tubbercurry, County Sligo, by a large party of armed civilians. District Inspector Brady was shot dead, the head constable gravely wounded and another constable less seriously wounded.

Unconfirmed reports say several houses have been burned in reprisal for the attack.
Inspector Brady was the son of the widely known former member of Parliament, J. P. Brady, and had a notable war record.

FRENCH LABOR UNSHACKLED
General Federation Spurns Dictation 'From Moscow or Elsewhere'
Orleans, France, Oct. 1.—(By A. P.)—The French labor congress, which was closing its sessions here today, was completely dominated by Leon Jouhaux, president of the General Federation of Labor. He obtained a vote of confidence, repudiating all attempts at dictation from the outside, or any mixing in the affairs of the French labor federation, whether from Moscow or elsewhere.

President Jouhaux completely routed the faction which launched the last May Day strikes, repudiating any intention of the federation to bring about a social revolution, all its efforts instead to be exerted for the attainment of economic improvement.

La federazione degli uomini di mare minaccia uno sciopero generale da parte dei marinai della marina mercantile in tutti i porti d'Italia, perche' le autorità hanno arrestato alcuni impiecati nel sequestro del piroscafo di cui sopra, secondo un dispaccio da Genova. Tra gli arrestati vi sono tre capi della detta federazione. Inoltre le autorità hanno spedito mandato di cattura contro alcuni marinai che si trovano presentemente in navigazione e contro altri in procinto di lasciare il Regno. Il Deputato Guiletti, presidente della Federazione, ha protestato contro detti arresti ed ha presentato una interpellanza alla Camera dei Deputati.

Roma, 30 settembre.—L' "Avanti" organo del partito socialista, pubblica un appello con il quale esorta gli operai alla serena ripresa del lavoro, allo scopo di non compromettere la soluzione della vertenza metalmeccanica che il giorno stesso dice la prima fase vittoriosa della rivoluzione italiana.

Telegrammi da Torino segnalano che delle difficoltà si vanno verificando nell'attuazione del concordato di Roma, relativamente allo sgombero degli stabilimenti occupati dagli operai. Le difficoltà sono dovute in massima parte all'ostinazione degli estremisti, i quali insistono per il pagamento completo dei salari per tutto il periodo della occupazione.

BERMUDA GREET PRINCE OF WALES

Heir to British Throne Receives Enthusiastic Welcome at Hamilton

By the Associated Press
Hamilton, Bermuda, Oct. 1.—The Prince of Wales, homeward-bound from Australia on the British battle cruiser Renown, arrived here today from Antigua for a three days' visit. He was given an enthusiastic welcome.

During his stay he will take part in the concluding ceremonies of Bermuda's

centenary, which is linked with the Jamestown, Va., tercentenary and those of the sailing of the Pilgrims for America.

The celebration in honor of the prince, who is concluding his long tour of the British empire and the United States, took on an international aspect with the presence here for the occasion of Rear Admiral Charles F. Hughes, on board the United States battleship Kansas, and that of a representative of the colony of the Bahamas, Harcourt Malcolm, speaker of the Bahaman House of Assembly.

Virtually every one of Bermuda's 20,000 inhabitants was out early today for the festivities of the prince's visit. Early this morning the Renown, bearing the prince and his party, arrived off the northern end of the island, accompanied by the cruiser Calcutta. Lying at anchor nearby were the Kansas, dressed in holiday attire, the British cruiser Calliope and the survey ship Mutine, both likewise decked for the occasion. As the Renown dropped anchor the Kansas boomed forth a salute

of twenty-one guns and her crew lined the rails. Immediately the Renown was boarded by Bermuda's governor, Sir James Willcocks, and Rear Admiral Allan F. Everett, commanding the North American and West Indies station, who formally welcomed the prince to the island. The party then boarded the Calcutta, which is of suitable draft to permit her navigating the shallow channels, and proceeded to Hamilton, the colony's capital, fifteen miles away.

On the trip, in the royal salute was fired from the Calcutta as she approached the ancient capital of St. George and the prince was likewise honored with a royal salute from the batteries ashore.

The court of honor which has been considering the claims to the presidency of Arturo Alessandri, nominee of the Liberal Alliance, and Luis Barros Borgoño, candidate of the Liberal Unionists, yesterday decided by a vote of 5 to 3 that Senator Alessandri is entitled to the presidency.

The court held that Senator Alessandri received 177 electoral votes and Senator Borgoño 176.

Two Bits per Capita
There has been a great clamor recently about political campaign funds that are alleged to total fifteen or twenty millions.
At a dollar per family, the dough bag would have to contain \$22,000,000 or about 25c per capita.
It is customary to make all dreadful appeals to the imagination of the common peepul in terms of aggregate millions.
Advertising campaigns that sound wondrous and prodigal in total, shrink to an apparent, pitiful inadequacy in terms of two bits per capita per year, and yet no such huge fund for advertising has ever existed.
A few cents per capita per year would make an advertising appropriation for any manufacturer so large as to almost warrant its being "viewed with alarm."
